

To Whom It May Concern:

Gabriel Alvarado has been involved with me and my program since he was around 10 years old, and I've worked with him as both a coach and mentor. From an early age I could tell that he possessed a special talent and determination for baseball that you don't usually see everyday.

From early on we could see that Gabe had a high IQ for the game and was a very gifted athlete. He is very projectable and will continue to grow and develop his already strong athleticism. On the field and off Gabe has shown a solid work ethic, always self motivated to improve in the gym and the classroom, he is very committed and passionate about continuing to improve and grow both mentally and physically. Gabe is a strong competitor and always finds a way to make himself a valuable asset and team member. A strong team player with leadership qualities, he tends to be quiet sometimes and reserved, but he always finds a way to motivate and inspire those around him.

I know that whatever Gabe does in the future and whatever program gives him the opportunity, he will be an impact player and find success at the highest levels. He's a very smart, coachable, and humble person and will be a blessing to have.

Please give me a call if you have any further questions.

Sincerely,

Brian Rios
